

The associations „Rock gegen Rechts“ and „Ajuku e.V. Stralsund“ invite you to an anti-racist soccer tournament on the 30.08.2014. This tournament is a part of the „Aktionstage“ against racism and will take place on the Dänholm. Register your team, stay fit and be part of this project.

Already last year we arranged such a tournament with huge success. Many teams and fans from different parts of Mecklenburg-Vorpommern came and had lots of fun. We are very excited to organize a tournament like this for the second time.

At 9 am you can come to the soccerfield on the Dänholm and start to warm up. The first games will start at 10 am. You will play on a small field, with one goalkeeper and six field player (+ substitute player as many as you like). One game will take 10 to 15 minutes. There are even prizes for the best teams. For a small price you can get something to eat and drink.

You and your friends would like to join this tournament? Then register your team (name of the team, number of players and their age) by sending an email to fussball@rockgegenrechts.com

You would like to watch the games and enjoy the day with us? Or do you want to get in contact with some refugees and anti-racist initiatives? Then come and join us! Additionally we are looking for sponsors. So if you like to support our project with prizes or a little amount of money, please don't contact us.
