

Why do we organize the Diversity Day?

The purpose of the Day of Action is, on the one hand, to uncover the development of right-wing structures, propaganda and right-wing violence, to publicize it, and to oppose it and offer help to victims.

On the other hand, it is important to draw attention to the lack of space and services for young people and how we can strengthen their breadth and effectiveness.

Youth work has been massively reduced in Stralsund in recent decades, as in other cities in MV. For example, almost all youth clubs disappeared.

We demand from the city and the state government to finally invest more in open offers of youth work.

It needs sufficient and qualified staff. Important are free spaces that can be designed by young people themselves.

Let us fight racism together and take to the streets to strengthen youth and social work and then celebrate.

For a colorful Stralsund for all.
